

KOGEI-PIT 2023

KONGRES GEOTEKNIK INDONESIA (KOGEI) XII PERTEMUAN ILMIAH TAHUNAN (PIT) HATTI XXVII

BUILDING A SOLID FUTURE:
ADVANCEMENTS IN GEOTECHNICAL ENGINEERING FOR INDONESIA'S MEGA
STRUCTURE AND INFRASTRUCTURE DEVELOPMENT

Birawa Assembly Hall, Bidakara Hotel Jakarta
6 - 8 November 2023

Keynote Speakers

Prof. Askar Zhussupbekov
Eurasian National University
Kazakhstan

Prof. Mark Jaksa
The University of Adelaide
Australia

Prof. Chu Jian
Nanyang Technological University
Singapore

Prof. Eun Chul Shin
Incheon National University
South Korea

Prof. Widjojo Adi Prakoso
President of HATTI

Prof. Masyhur Irsyam
Institut Teknologi Bandung
Indonesian Academy of Sciences (API)

Prof. Iswandi Imran
President of HAKI

Topics:

1. Ground Subsidence and Sea-Water Intrusion
2. Geotechnical Earthquake Engineering and Seismic Hazard
3. Soil Improvement
4. Geotechnical Engineering for Dams
5. Trenchless Technology for Urban Development
6. Foundation and Its Problem
7. Deep Excavation, Basement and Tunnel
8. Unsaturated Soil Mechanics
9. Sedimentary and Residual Soils
10. Geotechnical Instrumentation
11. Geotechnical Laboratory Testing
12. Problematic soils

Publication Opportunities

1. Journal of Geo-Engineering (JOG - Q3)
2. Journal of Civil Engineering Forum (JCEF - Sinta 2)
3. Indonesian Geotechnical Journal (HATTI Journal)
4. Proceeding KOGEI-PIT HATTI 2023

Special Session

- The geotechnical Indonesian congress (KOGEI) will be held on 6 November 2023
- A gathering for young members (AMM) will be held on 6 November 2023
- A separate parallel session for young members (AMM)

Important Dates:

- ▶ **Extended Abstract Announcement**
~~Starting 31 July 2023~~
26 August 2023
- ▶ **Extended Full Paper Submissions**
~~2 September 2023~~
16 September 2023
- ▶ **Full Paper Announcement**
8 October 2023

Format & Submissions:

bit.ly/fullpaper-pithatti23
